**The Tilos-Software-Expert:** Project planning in Time-Location-Diagrams  
Business Administration & Computer Science, Qualified as Business Coach

*„I focus on your task and on your personal benefit. How can I help you best?“*

## Did you ever met these needs or issues regarding Tilos Time-Location Planning?

*I would like to quickly get involved with those parts of Tilos, I really need.*

**I would like to have me (or my colleagues) trained in Tilos.**

**I do not have the time or staff to process the Tilos plan by my own.**

*I got a plan in MS-Project / Primavera / Powerproject and need to create a Time-Location-Diagram from it.*

*I need to transfer Tilos data to other planning systems.*

**My client requires special results and presentations. How can I achieve this? What is the effort?**

**I need someone with Tilos-Know-How assisting me in a project.**

*I want to rework an unknown Tilos project file: How do I proceed effectively?*

*I want to set up the planning requirements, framework plans and the planning communication for a large project. What is there to do with Tilos?*

**I need an English speaking Tilos Trainer or Tilos Consultant on site**

**I am looking for someone who will quickly and intensively teach me how to use Tilos.**

*I need advice and training regarding my specific piece of work: Training-on-the-Project*

**Found something for you? Please contact me: +49 7247 3983235 or [info@planavista.de](mailto:info@planavista.de).  
I will be glad to answer your questions. More about me on second page.**
